Extendable obligations under the Guarantee: An Extended Maturity Date may be specified as applying in relation to a Series or Tranche of Covered Bonds (other than Hard Bullet Covered Bonds) in the applicable Final Terms. This means that if the Issuer fails to pay the Final Redemption Amount of the relevant Series or Tranche of Covered Bonds on the relevant Maturity Date and if the Guaranteed Amounts equal to the Final Redemption Amount of the relevant Series or Tranche of Covered Bonds are not paid in full by the Guarantor on or before the Extension Determination Date (for example, because following the service of an Issuer Default Notice on the Issuer and the Guarantor, the Guarantor has or will have insufficient moneys available in accordance with the Guarantee Priority of Payments to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount of the relevant Series or Tranche of Covered Bonds), then payment of the unpaid amount pursuant to the Guarantee shall be automatically deferred and shall become due and payable one year later on the Extended Maturity Date (subject to any applicable grace period). However, any amount representing the Final Redemption Amount (as defined below) due and remaining unpaid on the Extension Determination Date may be paid by the Guarantor on any Interest Payment Date thereafter, up to (and including) the relevant Extended Maturity Date in accordance with the applicable Priority of Payments. Any extension of the maturity of the Covered Bonds will not affect any order of priority applicable in case of compulsory winding-up (*liquidazione coatta amministrativa*) or liquidation of the Issuer nor any Priority of Payments. Interest will continue to accrue on any unpaid amount during such extended period and be payable on each Guarantor Payment Date up to the Extended Maturity Date
